What Others Are Saying About Pat

I have had the privilege of being Pat Domangue's pastor for several years and had the awesome opportunity to watch her grow up in Christ. I've never watched a more amazing conformation. Pat Domangue served with me on a Worship Planning Creative Team that helped me shape and plan each Sunday service. During that time, I saw her heart for God and the gift of discernment and insight that He has given her. So, not only is she a mature believer, she is a gifted teacher and communicator who has awesome insight into God's truths. I wholeheartedly recommend her for you to use in whatever way you feel led to challenge your women and to exhibit God's grace. That is most evident in her own testimony. I was blessed and honored to be her pastor.

I have had the privilege of attending several of Pat's Bible studies through the past few years and I have been blessed by each one. Her knowledge of Scripture is extensive and her style of teaching is personal and refreshing. Her passion for Jesus is contagious and I have grown spiritually each time I've studied God's Word with her. I would highly recommend taking one of Pat's Bible studies...you will be blessed!

This is going to be quite difficult to sum up in a few sentences just how powerful and life changing Mrs. Pat's bible studies have been for me! I can honestly say I've never met a woman who loves The Lord with literally all she has!!! My first bible study that I did was "Quest for Wholeness". It was one of my first ever bible studies that literally drew me in. I grew up in church but was never really taught the importance of women and their roles in the Bible. Her study taught me along with the Bible to view myself in a different view, God's view!!! That my desires, needs and wants were all God given and not just something I had made up!! That I'm worth so much more than the label that our society has put on women. Thank you Mrs. Pat!!! Love you and your family!!

Pat came to our church for a prayer breakfast in December. What a great experience it was! She is a dynamic person and a dynamic speaker. Her testimony of how God took her disheartening life circumstances and gave her a heart that was "on fire" for Him is so encouraging for women who find themselves right where she has been. She is an example of the hope that can be found in Christ Jesus. She reminds all women of how good God is and how much he loves us regardless of our faults and failures and that He meets us right where we are. Pat is so full of life and full of love for her Savior, it radiates from her After the breakfast, there were women who came up to me and said "that was my life, I know those struggles." Many women asked, "when are we going to have Pat back?" Pat can relate and love women unconditionally because of her own struggles and the power of Christ in her. Her visual illustration of how the chains of sin and insecurities from our past can weigh us down was unforgettable. I highly recommend Pat as a speaker for any women's ministry or youth girls program you are having. She will lovingly and knowledgably share God's word and inspire others to draw closer to the Savior.

You will never be disappointed in Pat Domangue as a speaker and teacher of God's Word. Pat pushes with a passionate punch with her Bible studies as she challenges God's women to not just read, not just study, but to follow God's teachings in their daily walk. Her genuine focused passion comes from a mature understanding of the power of God's grace and His truth. I have been inspired and motivated, as well as encouraged, by Pat's teachings in the years I have been blessed to know her.
